EMERGENCY SERVICE «

HERE'S WHY OUR SERVICE IS RIGHT FOR YOU!

You can be sure we know what we're doing...

J Gardner Electric Motor Repairs has been selling and servicing electric motors for over 50 years.

We specialise in rewinding AC and DC motors, and service all makes and brands.

We source and use only the best quality materials, and stock an extensive range of spare parts.

Our prompt and reliable customer service ensures minimal disruption to your business in the event of unexpected breakdown.

After-hours service and on-site attendance are available when and if you need them.

Our qualified staff can also help with professional advice when you have to decide whether to repair or replace a problem motor.

You can rely on the brands we sell

We only sell products that we can confidently recommend.

Our range includes:

- » 3 phase standard motors
- » 3 phase high efficiency motors
- » Servo motors
- » Multi speed motors
- » D.C motors
- » Hazardous location motors
- » Single phase motors
- » Compressor motors
- » Evaporative fan motors
- » Brake motors
- » Gear boxes
- » AC variable speed drives
- » Swimming pool pumps
- » Solar pumps
- » Submersible pumps

Extensive stock of quality spare parts

If we haven't got what you're looking for, we'll get it for you – fast.

Spare parts held in stock include:

- » Starting and running capacitors
- » Carbon brushes
- » Fan cowls and fans
- » Terminal blocks and boxes

Specialised services and expert knowledge

Just as you specialise in your business, we specialise in ours. All repairs and maintenance services are carried out by fully qualified trade professionals who know everything there is to know about electric motors!

We take pride in the quality of our workmanship, and use only the best materials.
